SHRI LAKSHMI G

9385493082 | shrilakshmiganesan@gmail.com | LinkedIn

CAREER OBJECTIVE

To begin my professional career in a growth-oriented organisation where I can apply my technical knowledge, problem-solving abilities, and analytical skills to real-world challenges. I seek opportunities to continuously learn and develop my expertise in technology, programming, and emerging areas while contributing effectively to the organisation and building a strong foundation for my professional career.

EDUCATION

Saranathan College of Engineering, Anna University Bachelor's in Electronics and Communication Engineering	8.44(Until 6th Sem.) *Jun '23 - Jun '27*
Montfort School, CBSE HSC – Higher Secondary Certificate	80.8 % *Apr '22 - Mar '23*
Montfort School, CBSE SSLC – Secondary School Leaving Certificate	92.2 % *Apr '20 - Mar '21*

CORE & TECHNICAL SKILLS

Embedded Systems & Electronics: Embedded Systems, Arduino, Digital Electronics, Analog & Digital Communication Systems, Hardware Interfacing, Microcontroller-Based System Design.

Programming & Software: Java (Intermediate), Python, Data Structures (Basic), HTML, CSS, Microsoft Excel.

PROJECTS

Water Monitoring System using ESP32 *Developed an ESP32-based smart water monitoring system integrating multiple sensors to monitor water level, flow, pH, TDS, turbidity, and temperature in real time, enabling water quality assessment and automated status alerts.*	*Jul '26 - Aug '26*
Door Display System using Arduino *Designed and implemented an Arduino-based door display system for automated digital information display, improving accessibility and user convenience.* *GitHub: https://github.com/shrilakshmi2005/Doordisplay_system*	*Jun '26*

Mininet-Based Weather Prediction System (Python, VirtualBox, SDN) *Developed a Python-based weather prediction system using Mininet as part of a Software-Defined Networking (SDN) project, demonstrating real-time network simulation and intelligent data processing.*	*Mar '26 - Apr '26*
Smart Irrigation System using ESP32 and IoT *Developed an IoT-enabled smart irrigation system using ESP32, and soil-moisture sensors to automate irrigation based on real-time soil conditions, improving water efficiency.* *GitHub: https://github.com/shrilakshmi2005/smart_irrigation_system*	*Nov '25 - Dec '25*
ChainVision AI – AI-Powered Supply Chain Forecasting & Inventory Optimisation *Developed a full-stack supply chain intelligence platform using React and Python Flask to forecast 30-day product demand, analyse inventory levels, calculate reorder points, and recommend order quantities. Built interactive dashboards for demand analytics, inventory risk alerts, and purchase planning; deployed on Vercel and Render.* Live Demo: https://ai-supply-chain-forecasting.vercel.app	*Sep '26 - Oct '26*

ACHIEVEMENTS

Achievement	Recognition / Details
Research Publication - IJIREEICE	Design and Implementation of a Smart Irrigation System Using Soil Moisture Sensor and IoT *(Dec '25)*
Smart India Hackathon (SIH)	Participant - 24 Hour Hackathon *(Oct '25)*
Paper Presentation Competition	Third Prize *(May '25)*
ICT Academy Youth Talk - 2024	Regional Finalist *(Oct '24)*
English Speech Competition - Indian Red Cross Society (YRC)	Second Prize *(Sep '24)*
Space Spectrum - IDEATHON, organised by the Department of Electronics and Communication Engineering.	Participant *(Aug '26)*
Ignite Bootcamp – Venture Idea Development, Wadhwani Foundation	Participant (*March '26*)

INTERNSHIPS & TECHNICAL PROGRAMS

Internship / Program	Details
AI+X Workshop	Data Engineering to Agentic Intelligence -IEEE India Council & MathWorks *(Jul '26)*
Code Bind Technologies Internship	Embedded Systems & IoT, Arduino/ESP32, Sensor Interfacing, Embedded C, Hardware Debugging *(Jun '26)*
BSNL Internship	Telecommunication Networks, Optical Fibre Communication, Broadband Technologies, Network Operations *(May '26)*
Data Science with Python Workshop	National Institute of Technology (NIT), Tiruchirappalli *(Mar '25)*
National Social Engineering Day Quiz	Participant *(Aug '25)*
International Conference - Wireless Communication & Navigation Systems	Participant *(Aug '25)*
International Conference - VLSI, Communication & Navigation Systems	Participant *(Apr '25)*
Connecting the Dots 5.0 - IEEE Women in Engineering, Madras Section Affinity Group at KPR Institute of Engineering and Technology, Coimbatore.	Participant (*Sept '26*)
International Conference - Advances in Aerospace and Navigation Systems	Participant *(Oct '26)*

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

1. Supply Chain, Data & Business

Certification / Course	Provider
Demand Planning	CSCMP & LinkedIn
Supply Chain Analytics	LinkedIn
Excel for Supply Chain Forecasting	LinkedIn
Supply Chain Planning (RUTGERS THE STATE UNIVERSITY OF NEW JERSEY)	Coursera
Excel for Accounting	LinkedIn
Excel with Copilot	LinkedIn
Integrating Generative AI into Business Strategy	LinkedIn
Generative AI Productivity Skills	Microsoft & LinkedIn

Supply Chain Management: Logistics, Inventory and Warehousing	Udemy
Supply Chain KPI Metrics & Analytics: A Comprehensive Guide!	Udemy
Engineering with Snowflake	Geeks For Geeksss

2. Programming, AI & Technology

Certification / Course	Provider
Embedded Systems with AI	Internshala / Skill India (NSDC)
Arduino Training	Internshala / Skill India (NSDC)
Programming with C & C++	Internshala / Skill India (NSDC)
Python Programming	Code Tantra
Java Object-Oriented Programming	LinkedIn
Programming Foundations: Algorithms	LinkedIn
Responsive Web Design	Free Code Camp
HTML, CSS & JavaScript	LinkedIn
Introduction to Prompt Engineering for Generative AI	LinkedIn
Generative AI: Creative Content, Opportunities, Ethics	LinkedIn
